REACH Compliance Statement

This statement confirms that Lee Manufacturing, Inc. is aware of the requirements of REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) Regulation (EC # 1907/2006) of the European Parliament and of the Council of 18 December 2006. It is our intention to comply with the requirements of this regulation as it applies to the producers of Articles.

The list of SVHCs (Substances of Very High Concern) was published by the European Chemical Agency (ECHA in 2008) and most recently updated in June 2014. Lee Manufacturing understands that the ECHA plans to update (expand) the SVHC list up to twice per year. Customers will be informed if and when any published SVAC are present in our manufactured products above a threshold limit of 0.1% (1,000 ppm).

Lee Manufacturing will continue to monitor our suppliers, and if any substances begin to be included in our parts that require registration, we will inform our customers according to the REACH legislation.

Sincerely yours,

Mr. George M. Eames IV
President, Lee Manufacturing
